Mrs Barak,
CNBC has confirmed that they will broadcast PM Barak's session. Given that, SALT would like to maintain the exclusivity of his session and are asking that PM Barak respectfully decline all broadcast interviews (including CNBC). We don't have any set up so I am assuming this will not be an issue.

Also their Director of PR, asked if I could supply them with some of the subject matter that PM Barak intends to discuss during the opening 15 minute remarks (This will help her inform CNBC of the potential topics). Should I tell them that he will discuss current events, such as Syria and its implications?

Please let me know when you can. Thanks-Emily
